Footprints

One night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonging to him, and the other to the Lord. When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life. This really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most, you would leave me." The LORD replied, "My precious, precious child, I love you and would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

Moments *to Memories*

We don't always realize how precious life is
Or how precious the moments are, that we share
Until we experience the loss of someone we love
And we face the greatest pain in life we must bear.

We recall moments that stir feelings within us
Moments filled with laughter, smiles and tears
Moments where trials and triumphs were shared together.

Moments to be cherished for many years,
And when the moments have turned into memories

We long to recover those days that have passed
Our memories will keep our loved ones alive in our hearts,
Where forever those treasured moments will last.
